Searching the DSBS

The screenshot shows the SBA DSBS search page. At the top, there are navigation links for Mobile View, Print, Exit, and Help. Below that, there are links for DSBS, Quick Market Search, and TM OnLine. The main heading is "Welcome to the Dynamic Small Business Search". A note states: "All search form hotlinks open a new browser window. All form fields that require typing in data have 'tooltips' with data format information." A red starburst icon highlights "NEW FEATURES FOR MOBILE USERS: Phone number hotlinks can be used to dial the number on mobile phones. Address hotlinks can be used to show the address in Google Maps." A disclaimer states: "This is generally a self-certifying database. The SBA does not make any representation as to the accuracy of any of the data included, other than certifications relating to 8(a) Business Development, HUBZone or Small Disadvantaged Business status. The SBA strongly recommends that contracting officers diligently review a bidder's small business self-certification before awarding a contract." The "Location of Profile" section includes a dropdown for States (AL - Alabama, AK - Alaska, AA - American Atlantic (APO/FPO), AE - American Europe (APO/FPO), AP - American Pacific (APO/FPO), AS - American Samoa, AZ - Arizona, AR - Arkansas, CA - California), a "Searching within a State:" field, a "Congressional District:" field with a "Help" link, and a "County:" field with a "Select 1 State, then press Lookup" dropdown and a "Lookup Help" link. Below these are fields for "Area Code or Phone Number Initial Fragment", "Metropolitan Statistical Area" (with a "Help" link), "SBA Servicing Office" (with a "Help" link), and "Zip Code or Zip Code Initial Fragment". The "Government Certifications" section includes "8(a) Certified or 8(a) Joint Venture" (Required, Required (Active Certifications and Previously Certified), Required (Previously Certified only), Not Required), "Small Disadvantaged Business" (Required (Active Certifications only), Required (Active Certifications and Previously Certified), Required (Previously Certified only), Not Required), and "HUBZone Certification" (Required (Active Certifications only), Required (Active Certifications and Previously Certified), Required (Previously Certified only), Not Required). A footer note states: "The SBA's 8(a), HUBZone and SDB certifications are also made available to external software via: SBA's Public Web Services. For more information, see also SBA Certifications in the search help page." At the bottom right, there is a link for "Dynamic Small Business Search".

Page Description

ATTENTION SMALL BUSINESSES: Do you want to further promote your business? The Small Business Administration (SBA) offers a government website called the Dynamic Small Business Search (DSBS). Government contracting/purchasing officials use DSBS in their market research to find viable small businesses for their contracting needs. DSBS collects and provides supplemental information about your company including past work performance, client referrals, and detailed capabilities statements; information that could reduce the selection process time. Federal prime contractors also use the DSBS to find small businesses to include in their subcontracting plans.

Register or Update Your Firm's SBA Profile in the Dynamic Small Business Search (DSBS)

- Who should complete an SBA Profile in the DSBS?
 - REQUIRED: Firms applying for SBA certification as HUBZone, 8(a) Business Development, or 8(a) Joint Venture Program or self-certifying as WOSB or EDWOSB for the WOSB Federal Contracting Program must complete the SBA Supplemental Pages to register or update their SBA Profile.
 - OPTIONAL: We highly recommend all small businesses complete the SBA Supplemental Pages to register or update their SBA Profile.
- How do I complete an SBA Profile in the DSBS?
 - Select Register or Update SBA Profile on this page. This will open a new window and take you directly to the SBA Supplemental Pages for your entity. Please remember to come back to the SAM window to complete and submit your entity registration.
- How do I know if my entity gets an SBA certification?
 - SBA will notify SAM if and when your entity is added to a certification program. SAM will send an e-mail to your entity's administrator when the SBA sends the confirmation.
 - If your entity is added to the 8(a) or 8(a) Joint Venture Program, the Business Type information will be updated. You will be instructed to review the changes found on the General Information page and to re-certify to your entity's small business status.
 - If you are added to the HUBZone Program, the Representations and Certifications portion of your entity's registration will be updated. You will be instructed to review the changes and re-certify to your entity's small business status.

The SBA Supplemental Page link is currently unavailable. Please visit SBA directly if you need to update your profile.

DSBS Participation

The Dynamic Small Business Search is the SBA's search engine for currently-small businesses and all businesses that have ever been certified by the SBA in the 8(a), 8(a) Joint Venture, HUBZone or Small Disadvantaged Business programs. You can choose to participate in the search, which advertises your business to the public at no cost to you. Or you can choose to opt out of public searches. Opting out will not interfere with your ability to do business with the Federal Government. Government contracting officers will still be able to find your profile to verify eligibility for contracts.

Key Words to define...

NAICS Codes with Size Determinations by NAICS:

#	Primary?	Code	NAICS Code's Description	"Buy Green"? ⁽¹⁾	Small? ⁽²⁾
1	Yes	561730	Landscaping Services		Yes
2		561210	Facilities Support Services		Yes
3		561720	Janitorial Services		Yes
4		811411	Home and Garden Equipment Repair and Maintenance		Yes

⁽¹⁾ By entering Yes for "Buy Green", the firm asserts that it obeys EPA guidelines for environmental friendliness for this NAICS code. Note, EPA guidelines do not exist for every NAICS code.
⁽²⁾ If Yes, the firm's revenues/number of employees do not exceed the NAICS code's small business size standard.

New Capability Statement Feature in DSBS

Views: 1021

Dear WOSB Program Participants,

SBA just launched a new feature in the Dynamic Small Business Search (DSBS) tool that allows you to link your capability statement to help market your business to agencies.

This new field is now available in DSBS allowing small businesses to add a URL for their Capability Statements. We know many small businesses already have a prepared Capability Statement that they regularly share with agencies, and we are excited to provide this opportunity to market themselves more effectively on DSBS.

For 8(a) small businesses who have already uploaded a Capability Statement on Certify.SBA.gov as of 6/22/23, the field will be pre-populated with the Capability Statement URL.

For all other small businesses, add a Capabilities Statement Link by visiting the DSBS profile (also known as "Pronet supplemental pages").

[Find instructions on logging to the DSBS profile through SBA Connect and adding a Capabilities Statement Link here.](#)

Export Profile

Export Profile

If you have not opted out of public searches, the following information will allow your firm to be found in searches of [Trade Mission Online](#) (TM OnLine).

TM OnLine is a variation of the Dynamic Small Business Search (DSBS). (DSBS can also find TM OnLine profiles if the checkbox "Has an Export Profile in TM OnLine" is checked.) TM OnLine and DSBS use the same database and profile information. But the [TM OnLine search](#) is specially designed to find US firms that export to other countries. If you are currently exporting, or interested in exporting, entering this information may help you expand your export business.

An Export Profile is "all or nothing". If you answer the "Exporter?" question as "Yes" or "Want To Be", you must then go on to complete all the other remaining fields.

Always get permission to list name and phone number!!

If that person leaves, update POC information

Think about listing a main number for a specific department instead of a specific individual

SBA Update SBA Profile Ready

Welcome KING JODY L

End of Pages

You have reached the end of your SBA Profile pages. Pressing Next, below, will return you to the top, the Orientation/Help page.
You can return to the Choose Function Page using [this hotlink](#).
We hope you have enjoyed our redesigned pages, or at least found them easier to use.

Why and When to update your DSBS profile:

- Free marketing website – make sure your company is easy to find!
- Federal employees, both contracting staff and project staff are taught to use this website for market research.
- This could be the first access point to be discovered – make sure there is a clear trail back to you – website and current contact information
- Update at least once a year
- Update whenever you have a new project/contract to highlight
- Keep your references current & delete old projects.
- Make sure to update your point of contacts for older references!
