System for Award Management (SAM):

- ❖ All entities who will be receiving federal funds either through a contract and/or grant shall be registered in the System for Award Management (SAM) before an award can be executed or a payment processed for payment.

FAR 4.1100 Scope

This subpart prescribes policies and procedures for requiring contractor registration in the System for Award Management (SAM) to—

- (a) Increase visibility of vendor sources (including their geographical locations) for specific supplies and services; and
- (b) Establish a common source of vendor data for the Government.

FAR 4.1102 Policy

(a) Offerors and quoters are required to be registered in SAM at the time an offer or quotation is submitted in order to comply with the annual representations and certifications requirements ...

(c) Contracting officers shall use the legal business name or "doing business as" name and physical address from the contractor's SAM registration for the provided unique entity identifier to identify the contractor in section A of the contract schedule, similar sections of non-uniform contract formats and agreements, and all corresponding forms and data exchanges. Contracting officers shall make no changes to the data retrieved from SAM.

Why SAM – Grants & Assistance?

System for Award Management (SAM):

- ❖ Prior to applying for any funding opportunity, prospective applicants must first register with SAM.gov. An active SAM registration is required to both do business with the federal government and to apply for funding opportunities. You must have an active entity registration to be eligible to receive contract awards or payments, submit assistance award applications via Grants.gov or receive certain payments from some federal government agencies.
- ❖ The Federal Government-wide policy at 2 CFR Part 25 (Universal Identifier and System for Award Management) states that an “agency may not make an award to an entity until the entity has complied with the requirements ... to provide a valid unique entity identifier and maintain an active SAM registration with current information.”

Subpart A - General

§ 25.100 Purposes of this part.

This part provides guidance to Federal awarding agencies to establish:

- (a) The unique entity identifier as a universal identifier for Federal financial assistance applicants, as well as recipients and their direct subrecipients, and;
- (b) The System for Award Management (SAM) as the repository for standard information about applicants and recipients.

[75 FR 55673, Sept. 14, 2010, as amended at 79 FR 75879, Dec. 19, 2014; 80 FR 54407, Sept. 10, 2015; 85 FR 49522, Aug. 13, 2020]

§ 25.105 Types of awards to which this part applies.

This part applies to a Federal awarding agency's grants, cooperative agreements, loans, and other types of Federal financial assistance as defined in § 25.406.

[85 FR 49522, Aug. 13, 2020]

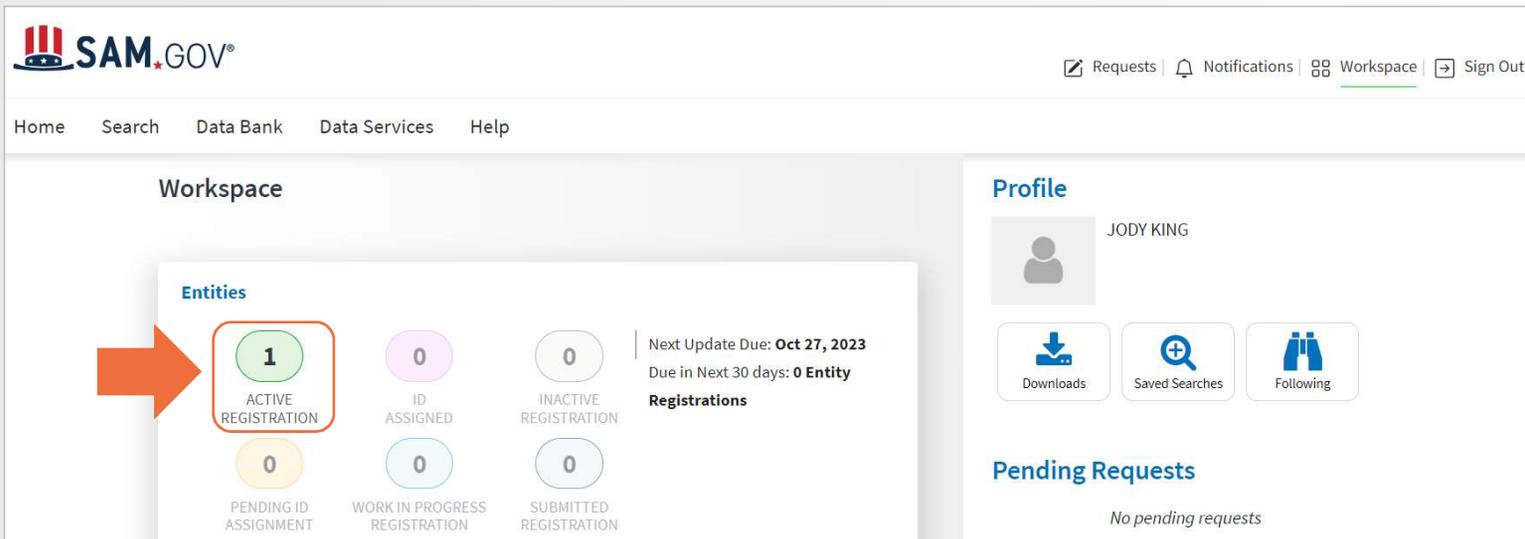

§ 25.110 Exceptions to this part.

- (a) **General.** Through a Federal awarding agency's implementation of the guidance in this part, this part applies to all applicants and recipients of Federal awards, other than those exempted by statute or exempted in paragraphs (b) and (c) of this section that apply for or receive agency awards.
- (b) **Exceptions for individuals.** None of the requirements in this part apply to an individual who applies for or receives Federal financial assistance as a natural person (i.e., unrelated to any business or nonprofit organization he or she may own or operate in his or her name).

Confirm CAGE code

The Commercial and Government Entity (CAGE) code is a five-character, alpha-numeric identifier assigned to entities located within the United States and its outlying areas by the Defense Logistics Agency (DLA) CAGE Program.

The CAGE code is different from the Unique Entity ID assigned in SAM.gov. It is used by the federal government for procurement and acquisition processes, like invoicing or pre-award verification.

This means your registration status, legal business name, physical address, and other non-sensitive information can be displayed on SAM.gov to any authenticated user. If you feel the public display of your basic entity information poses a security threat or danger to you or your organization, you can restrict the public viewing of your registration record in SAM.gov by deselecting the checkbox.

If you choose to restrict your information from public view, it will also not be visible to other non-federal entities or state and local governments who may wish to do business with you. Page Description

ATTENTION SMALL BUSINESSES: Do you want to further promote your business? The Small Business Administration (SBA) offers a government website called the Dynamic Small Business Search (DSBS). Government contracting/purchasing officials use DSBS in their market research to find viable small businesses for their contracting needs. DSBS collects and provides supplemental information about your company including past work performance, client referrals, and detailed capabilities statements; information that could reduce the selection process time. Federal prime contractors also use the DSBS to find small businesses to include in their subcontracting plans.

Register or Update Your Firm's SBA Profile in the Dynamic Small Business Search (DSBS)

- Who should complete an SBA Profile in the DSBS?
 - REQUIRED: Firms applying for SBA certification as HUBZone, 8(a) Business Development, or 8(a) Joint Venture Program or self-certifying as WOSB or EDWOSB for the WOSB Federal Contracting Program must complete the SBA Supplemental Pages to register or update their SBA Profile.
 - OPTIONAL: We highly recommend all small businesses complete the SBA Supplemental Pages to register or update their SBA Profile.
- How do I complete an SBA Profile in the DSBS?
 - Select Register or Update SBA Profile on this page. This will open a new window and take you directly to the SBA Supplemental Pages for your entity. Please remember to come back to the SAM window to complete and submit your entity registration.
- How do I know if my entity gets an SBA certification?
 - SBA will notify SAM if and when your entity is added to a certification program. SAM will send an e-mail to your entity's administrator when the SBA sends the confirmation.
 - If your entity is added to the 8(a) or 8(a) Joint Venture Program, the Business Type information will be updated. You will be instructed to review the changes found on the General Information page and to re-certify to your entity's small business status.
 - If you are added to the HUBZone Program, the Representations and Certifications portion of your entity's registration will be updated. You will be instructed to review the changes and re-certify to your entity's small business status.

The SBA Supplemental Page link is currently unavailable. Please [visit SBA](#) directly if you need to update your profile.

You successfully submitted your entity registration. This registration record will remain in Submitted status until all external validations are complete. This process is entirely FREE to you. It is FREE to register and maintain your registration in SAM. It is FREE to get help with your registration.

What happens next?

- 1 If you provided a Taxpayer Identification Number (TIN), the Internal Revenue Service (IRS) will conduct a validation of your TIN and Taxpayer Name. This could take two business days. You will get an email from @sam.gov when that review is complete.
- 2 Your registration will then be sent to the Defense Logistics Agency (DLA) Commercial and Government Entity (CAGE) Code system for assignment or validation of your CAGE Code. This also is a FREE service. This step averages two business days, but the DLA CAGE team can take up to ten business days, or longer, in peak periods. You will get an email from @sam.gov when that review is complete.
- 3 If the DLA CAGE team has any questions, they will contact the individual you listed as the Government Business Point of Contact (POC) via email. The email will come from an @dla.mil address. Please tell your Government Business POC to respond right away to any requests from an @dla.mil email. If a timely response is not received, your registration will be returned to SAM and your registration status changed to Work in Progress. You will have to resubmit and provide the requested information to DLA CAGE to continue.

Dear Jody King,

You successfully submitted the entity registration for KING JODY L / / in the U.S. federal government's System for Award Management (SAM). This registration record will remain in Submitted status until all external validations are complete.

What happens next?

1. If you provided a Taxpayer Identification Number (TIN), the Internal Revenue Service (IRS) will conduct a validation of your TIN and Taxpayer Name. This step can take two business days. You will get an email from SAM.gov when that review is complete.
2. Your registration will then be sent to the Defense Logistics Agency (DLA) Commercial and Government Entity (CAGE) Code system for assignment or validation of your CAGE Code. This step averages two business days, but the DLA CAGE team can take up to ten business days, or longer, in peak periods. You will get an email from SAM.gov when that review is complete.
3. If the DLA CAGE team has any questions, they will contact the individual you listed as the Government Business Point of Contact (POC) via email. The email will come from a dla.mil address. Please tell your Government Business POC to respond right away to any requests from a dla.mil email. If a timely response is not received, your registration will be returned to SAM and your registration status changed to Work in Progress. You will have to resubmit and provide the requested information to DLA CAGE to continue.
4. You will get an email from SAM.gov when your registration passes these external validations and becomes Active. Until then, use the Check Registration Status link at SAM.gov to see where your registration is in the review process.
5. If you have not previously submitted a notarized letter formally designating the Entity Administrator for your entity, you must do so now. Failure to do so within 60 days of activation may result in the registration no longer being active. NOTE: You are not required to provide a notarized letter for a federal entity registration.

Remember, this process is entirely FREE to you. It is FREE to register and maintain your registration in SAM. It is FREE to get help with your registration from the Federal Service Desk at www.fsd.gov or by telephone at 866-606-8220 (toll free) or 334-206-7828 (internationally).

Dear Jody King,

Your entity registration in the U.S. Government's System for Award Management (SAM) passed the Internal Revenue Service (IRS) validation of your Taxpayer Identification Number (TIN) and Taxpayer Name, known as the IRS TIN Match.

This is one step in the process. If you have not already done so, you must complete and submit your registration. It will then be sent to the Defense Logistics Agency (DLA) Commercial and Government Entity (CAGE) Code system for assignment or validation of your CAGE Code.

You can check your registration status at any time. Go to the SAM homepage at www.sam.gov and select Check Status from the main navigation menu. Enter your DUNS Number or CAGE Code to quickly check your progress. If your status is not Submitted, you need to complete and submit your registration:

1. Go to www.sam.gov and log in.
2. Select Entity Registrations from the sub-navigation menu on the My SAM page.
3. Select Existing Entity Registrations from the Entity Registrations menu.
4. Select the entity you want to renew from the Entity List, or search for the entity, then select it.
5. Note that the Registration Status is displayed in the Registration Details.
6. Select View to get additional details for your registration.
7. If your record is incomplete (Work in Progress), select Update Entity from Registration Details for Incomplete Record.
8. Review every page in the registration in order to submit. Start at the beginning, review/update the content as required, and select Save and Continue on each page. At the end, be sure to select Submit. You will see a confirmation message when you successfully submit your registration.

Remember, this process is entirely FREE to you. It is FREE to register in SAM. It is FREE to get help with your registration. Contact our supporting Federal Service Desk at www.fsd.gov or by telephone at 866-606-8220 (toll free) or 334-206-7828 (internationally), for FREE help.

Active Registration – Now What?

- ❖ After your SAM.gov profile is active – go back and update your SBA Supplemental page – Dynamic Small Business Search profile. There is a webinar recording “Supersize Your SBA Profile” posted on the Alaska PTAC Website under “on-demand training.”
- ❖ Your SAM profile must be updated yearly! If you have a contract and your SAM profile expires, you will not be paid! Payments are suspended until the profile has been activated.
- ❖ Beware third-party providers trying to sell you services. If they say call and there is an 800 telephone number – it isn’t government. Also watch the email addresses. Any emails that say your “profile is not complete” is also an email to ignore.
- ❖ SAM will send an email 60 days before your profile will expire. Nowhere in the email does it say to call them.
- ❖ Make sure that all NAICS codes in solicitations that you wish to bid on have been added to your SAM profile. It is the only way to verify you are a Small Business for the associated size standard for that NAICS code.
- ❖ Need help with your SAM or DSBS profile? Call the Alaska PTAC / Alaska APEX Accelerator!
